Did you know that TB, the world's deadliest infectious disease, claims the lives of more than a million people every year? Now imagine if the country that makes the biggest contribution to stopping it suddenly pulls back.

This sounds like the start of a dystopian movie, doesn't it? But no, this is reality—and it's happening.

# Financial Crisis on Health

## 18%

### WHO Funding

The US provides 18% of the funding to the WHO.

## \$6.8B

### WHO Budget

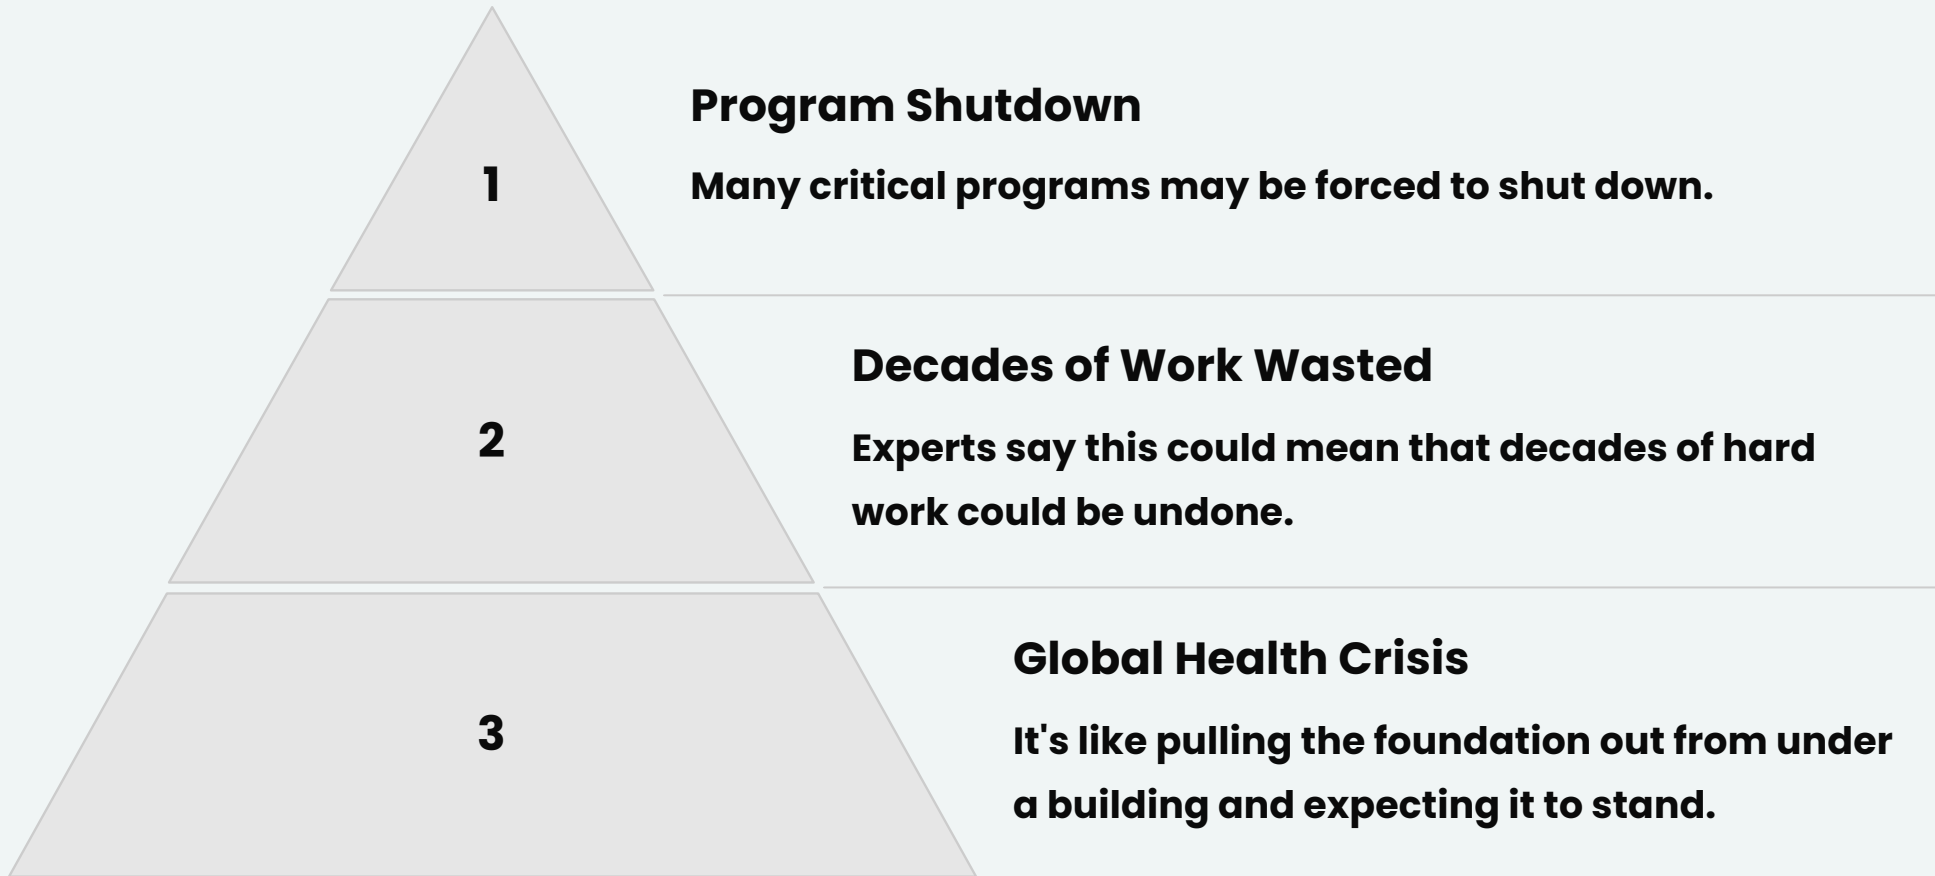

The WHO's budget for 2024-2025 is \$6.8 billion.

This is not just a statistic – it's a lifeline. Programs fighting TB, HIV/AIDS, and other diseases depend on it.

Pandemic preparedness, vaccine development, and emergency health services in poor countries run on it.

# History Repeats Itself

A composite image of Donald Trump and Joe Biden. Donald Trump is on the left, wearing a dark suit and a red tie. Joe Biden is on the right, wearing a dark suit and a striped tie. The United Nations logo is overlaid in the center, partially covering both faces. The background features a stylized sunburst or starburst pattern in shades of blue and white.

**1**

**2020**

Trump had also tried to leave the WHO during his first term.

**2**

**Biden's Term**

Joe Biden became President and immediately reversed this decision.

**3**

**Current Situation**

This time, the process has begun again.

# Current Situation and Future Challenges

## Process Underway

This time, the process has already begun. And if it is not stopped, the consequences could be permanent.

## Search for New Partners

The government will search for new partners to continue the programs.

## Recall of Employees

As per Trump's order, American employees working at WHO will be recalled.

## Issue of Expertise

But will any new arrangement be able to match the global expertise of WHO?

# Domino Effect

## WHO's Budget

WHO's 2024-2025 budget is \$6.8 billion.

## Funding Reduction

The withdrawal of the US will lead to a significant reduction in funding.

## Chain Reaction

Experts say that its impact will be like a chain reaction.

## Impacted Programs

Programs fighting TB, malaria, and future pandemics could slow down or be shut down.

# Global Impact and America's Future

## Global Impact

**This means that millions of lives could be at risk.**

## America's Future

**And what about America itself? Pandemics do not respect borders. In an interconnected world, if the global health system is weak, every country—no matter how powerful—will be at risk.**

# The Big Question

WHO HEADQUARTERS

## Beyond Funding

The impact of this decision is not just about funding.

## Pandemic Treaty

The WHO's pandemic treaty, which was being developed to ensure better global cooperation in the future, is now in jeopardy.

## Impact of COVID-19

And time? The world is still recovering from the shocks of COVID-19.

## Future Challenges

Experts warn that the next major health crisis could come at any time. In such a scenario, can the WHO function effectively without the United States?

# A Pivoting Question

**1**

## **Accountability of WHO**

**Is WHO really as culpable as Trump claims?**

**2**

## **Political Move**

**Or is this just a political move, where global health has become a side effect?**

**3**

## **America's Future**

**And the biggest twist: could this decision end up weakening America in the long run?**

**4**

## **Global Cooperation**

**Without a strong WHO, can any country alone face global health crises?**

## What do you think?

**What do you think? Is this a bold step to hold global organizations accountable, or a dangerous gamble that risks millions of lives? One thing is certain – this decision will shape the future of global health.**
